## Drilling diagrams for basketball backboards

On the drilling diagrams to the right, you can see the positions of the holes that still require drilling. For basketball backboards with the dimensions:

- 120 x 90 cm
- 180 x 105 cm
- 180 x 120 cm

◦ = drill hole

Caution: If you are using supporting structures such as wall brackets, check the measurements and dimensions before drilling and adjust the holes if necessary.
