

## AirBox Mounting Kit Instructions

AirTrack Factory

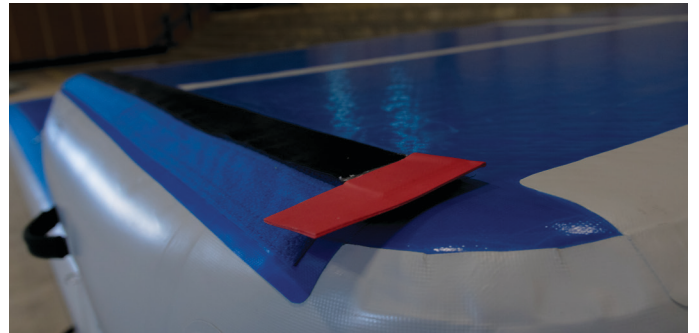

Place the Mounting Sheet anywhere under the AirTrack

Make sure the D-rings on the Mounting Sheet are faced down

Stack the AirBox Parts above the Mounting Sheet

Make sure to place the velcro strips in between each part

Repeat this process on both sides for each part

Take one of the belts and loop it through the D-ring on the Sheet

Make sure to loop the belt through each AirBox Part D-ring

Tighten the belt and pull the loose end

Make sure the AirBox is securely fastened

Train safe, have fun and level up!
